

SHREE NARAYAN GREENTEK
PRIVATE LIMITED

SHREE NARAYAN GREENTEK PRIVATE LIMITED (SNG) is more of family company, where we are engaged in manufacturing and export of high quality of Groundnut and Peanuts.

S N Greentek is into processing of Groundnut since 1975 located at Kotturu, Ballari District in the Indian state of Karnataka. With our continuous improvement, innovation, quality, reliability etc we have earned a reputation of high standards in both local and international market. We are managed by a team of professionals and experienced individuals having large network and infrastructure in home, company is equipped with state-of-art infrastructure backed by large and fully automatic plant for groundnut process.

Our daily production stands at 10 tons and monthly production stands at 250 tons. We are in the process of expanding the facility and can cater to bulk size of requirements. We directly procure from the farmers and even started with the in house farming which stands us out from the other competitors in terms of quality, pricing, reliability etc.

We have catered largely to Indian market and export markets such as South-east Asia countries and are continuing to do so with quality groundnuts from our facility in India which has less than permissible aflatoxin content.

We have diverse range of quality to cater the local and International Market like 70/80 count, 80/90 count with moisture percent less than 8%. We even take customized order based on the customer's requirement.
